

Spiritual Directors in Driving Distance NW Area

What is Spiritual Direction? That depends upon who you ask. For a sampling of carefully thought out responses, go to: http://www.sdiworld.org/what_is_spiritual_direction2/what-is-christian-spiritual-direction.html.

Please Note! *The information below was taken from the Spiritual Directors International Website and does NOT constitute an endorsement or recommendation.*

Spiritual Directors International members pay annual dues and as a benefit they can request to be listed in the web directory WITHOUT HAVING BEEN SCREENED OR CERTIFIED BY SDI!

Therefore, I advise that you include in any initial inquiry questions about training, experience and certification before beginning a spiritual director relationship.

Remember, too, that while many find long-term work with a faithful and capable spiritual director to be very beneficial, it may take a few tries before you find the director who will best serve your need for assistance. You always have the right to terminate the relationship without cause or explanation.

I did not include in this list all spiritual directors listed in the area served. You may want to check out the longer list at <http://maps.sdiworld.org/seekandfind.php>. Effort was made to include a variety of traditions out of respect for Disciples pastors raised in other communions.

Finally, let me encourage you to prayerfully consider becoming a qualified spiritual director – available to offer service in the NW Area. The need is great and too few local spiritual directors serve the 15 county area of NW Missouri to meet the need. Training is available in Atchison through Souljourners: <http://www.mountosb.org/souljourners.html>

Bill Rose-Heim
